Mike - You mentioned in the meeting that it would be helpful to have a more focused review of the EIR/S and HCP. I've been pulling together information to prepare a packet for DFG for our 1600 permits. Anyway, below are the chapters and tables that I found provided good summaries. I'm sure you will want to peruse the other 10,000+ pages of information, but perhaps this will be a helpful place to start. Ken may have some other suggestions. Enjoy! Cassandra

BDCP HCP:

Chapter 4 - Covered activities, Conservation Measure 1

Chapter 5 - Section 5.4, Effects on Natural Communities , focus on Construction Related Effects subsections

Chapter 5, Appendix H - Aquatic construction Effects, again focus on Conservation Measure 1

Table 5.k.6 - Natural Communities Loss by Covered Activity

EIR/S:

Chapter 3 - Alternatives

Appendix 3C - Construction Assumptions for Water Conveyance Facilities

Chapter 12 - Terrestrial Impacts

Table 2 in Chapter 12 - Alternatives Water Conveyance Facility Direct Effects on Natural Communities
